- **HL:** High load compound designed for heavy lifting applications (also available in non-marking compound)

NON-MARKING TIRES

Solideal grey non-marking, your ideal solution when a clean environment is critical.

Key benefits of grey non-marking compound

- ✓ Clean running, leaving no tire marks behind
- ✓ 100% natural rubber compound
- ✓ Good color stability and UV resistance to avoid yellowing
- ✓ Extra age resistance due to presence of natural antioxidants
- ✓ Lower rolling resistance, energy consumption and heat build up
- ✓ Ideal for electrically driven applications

Construction features

Resilient tires:

- Multi-layer construction with grey non-marking tread and black heel compound. The sidewalls are covered with grey non-marking tread compound.

Pneumatic tires:

- Bead-to-bead black carcass and grey non-marking tread compound for strength and heat resistance.

Press-on tires:

- One-layer tires with matching grey anti-corrosive paint on the steel band.
